

Remarks

Rejection of the claims under 35 USC §102:

Claims 1, 3-7, 10-16, and 19-20 have been rejected under 35 U.S.C. 102(e or a) as being anticipated by Pinchuk et al. (US 2002/0107330) ('330). Applicants previously argued that Pinchuk et al. do not teach reversibly modification of an amine because reversal of their modification does not restore the amine. The Action states that the Applicants claims do not recite that the amine is restored after reversal of the modification. Applicants have amended the claims to more explicitly recite restoration of the amines. In view of the amendments, Applicants request reconsideration of the rejection.

Claims 1-5, 7-15, 17, and 19-20 have been rejected under 35 U.S.C. 102(b) as being anticipated by Wolff et al. (US 20010036926). Applicants have amended the claims as described above in the response the rejection over Pinchuk et al. to obviate the rejection. In view of the amendments, Applicants request reconsideration of the rejection.

Claims 1-5, 7-15, 17, and 19-20 have been rejected under 35 U.S.C. 102(e) as being anticipated by Wolff et al. (US 7,087,770) ('770). Applicants have amended the claims as described above in the response the rejection over Pinchuk et al. to obviate the rejection. In view of the amendments, Applicants request reconsideration of the rejection.

Rejection of the claims under 35 USC §103:

Claims 1-5, 7-15 and 17-20 have been rejected under 35 U.S.C. 103(a) as being unpatentable over Wolff et al. in view of Blazyk (WO 200160162). Applicants have amended the claims as described above in the response the rejection over Pinchuk et al. to obviate the rejection. In view of the amendments, Applicants request reconsideration of the rejection.

Double Patenting:

Claims 1-5, 7-15, 17 and 19-20 have been rejected of nonstatutory obviousness-type double patenting as being unpatentable over claims 1-7 of U.S. Patent No. 7,087,770. Applicants have amended the claims as described above in the response the rejection over Pinchuk et al. to obviate the rejection. In view of the amendments, Applicants request reconsideration of the rejection.
